Welcome to Oakway Academy. During this first exciting term at school, the children shall be exploring the resources in our fantastic inside and outside areas and hopefully making lots of new friends. We will be talking about our school boundaries and routines, in particular how we are responsible for caring for the Early Years areas and, most importantly, each other.

This term we shall be learning the story 'Dear Zoo.' The children will learn to retell the story, create actions for the animals and invent their very own stories by changing the characters. We will use this to support the children's writing as they learn to use the sounds they have been learning in phonics.

In maths, we shall be using Numicon to help the children develop their number skills. We will be practising counting objects, recognising and ordering numbers. We will also be going on a number walk to see what numbers the children can recognise in the environment.

If you have any questions, please come and speak to any of the adults in the Early Years team!
